

Warranty

Effective January 1, 2012

10 Year Limited Warranty on Cabinetry Lifetime Limited Warranty on Drawer Boxes and Hardware

Blue River Cabinetry warrants cabinets built under the Blue River name (the Blue River product line) to the original retail purchaser to be free from defects in material and workmanship under normal home use and service for a period of ten years from date of purchase.

In addition, Blue River Cabinetry guarantees to the original purchaser that all drawer boxes and hardware purchased under the Blue River name will be free from defects in materials and workmanship for the lifetime of the original consumer purchaser.

The warranty applies to the repair or replacement of defective product and does not include expenses incurred in the removal, shipment, or installation of the product; nor does it apply in the case of normal wear and tear, misuse, abuse, improper storage, improper installation, and/or extremes in temperature or humidity. In order to maintain warranty validation, Blue River cabinets must be stored or installed in a self-contained environment with a constant humidity level of 40% to 60%. This limited warranty does not apply to products installed in vacation homes that do not maintain year round environment controls, or cabinets not installed by an authorized dealer.

The Blue River warranty only applies to defects and does not apply to natural wood features that are inherent in wood species. There will be color variations within each species of wood, some will be subtle and others will be noticeable. All solid cherry wood and veneer naturally darken with age. Darkening of cherry cabinetry and slight fluctuations in color and grain are not considered defects by the cabinet manufacturing industry and are not covered by this warranty.

Cabinetry must be purchased through a factory authorized Blue River Dealer after January 1, 2011. Blue River Cabinetry Dealers are responsible for servicing minor damage occurring in shipment and providing final touch-up and adjustment of doors and drawers. Cabinetry must be cleaned per the use and care instructions that are made available to our dealers in order to maintain the warranty

This warranty does not apply to commercial applications. Cabinetry purchased for commercial applications shall have a one-year warranty.

This warranty is not transferable from the original purchaser to subsequent homeowners, or when re-installed by the original purchaser to another location. No guarantee is included on Blue River cabinets that are manufactured unfinished, either on the doors against warpage, or the finish applied by others.

Blue River Cabinetry will repair or replace at our option, and at no charge to the consumer, any defective products as stated within the terms and conditions of this Limited Warranty.
